OLYMPIC TRIALS QUALIFIER RENEE METIVIER JOINS REVO2LUTION RUNNING ELITE

BEND, OR – REVO2LUTION RUNNING ELITE has announced the signing of five-time U.S. National Champion and former NCAA Champion Renee Metivier to its roster.

With marathon PR of 2:27:17 (at her debut marathon at Chicago, 2012), track PRs of 4:09 for 1,500 meters and 15:15 for 5,000 meters, and multiple Olympic Trials appearances, Metivier brings a wealth of speed and experience to the team.

"I'm thrilled to have Renee join our team," said REVO2LUTION RUNNING ELITE head coach Jason Karp, PhD. "She's a very hard worker and has a chance to accomplish something very special."

Multiple surgeries (calf muscle fasciotomy, Achilles tendon, broken fibula) has kept Metivier out of professional running for years, but she's back and ready to make some noise.

"I broke my leg falling on black ice after the 2016 U.S. Olympic Trials and had surgery in 2017, and another surgery last winter as well," said Metivier, owner of Recharge Health and Performance Center in Bend, Oregon. "I had nine metal screws and a six-inch metal plate in my ankle, and it bothered me, especially on pavement. So, I had to go back into surgery at the end of last year."

Now back to training and racing, Metivier qualified for the U.S. Olympic Marathon Trials at the Honolulu Marathon on December 8. She will be on the starting line of the Olympic Trials on February 29 in Atlanta, competing for a spot on the U.S. Olympic Team.

You can follow Renee Metivier's comeback journey on Instagram @reneemetivier1.
